ACCREDITED CONTINUOUS PROFESSIONAL TRAINING CENTER

CIPEM TRAINING CENTER

Chemical Industrial & Petroleum Engineering Management — Center N° 11-1372-15

Partner of Excellence for Technical and Managerial Human Capital Development

CIPEM (Centre International de Perfectionnement des Entreprises et de Management) is an accredited training center established in Tunisia and operating internationally. We provide high-impact professional training tailored to the operational challenges of industrial, energy, manufacturing, and corporate leadership sectors. Our curriculum integrates international standards (NF, API, ISO, ASME, IEEE) with practical case studies to guarantee immediate operational proficiency.

TECHNICAL & ENGINEERING DIVISION

22 Specialized Domains — Operational Training

- Industrial Electrical Safety HV / LV & Standard NF C 18-510
- Solar Photovoltaic, Energy & Renewable Systems
- Instrumentation, Process Control, P&ID & Automation
- Industrial Mechanics, Welding & Material Handling
- CAD/CAM Software: AutoCAD, CATIA, SolidWorks
- Process Simulation (HYSYS) & Cable Sizing (CANECO)
- Health, Safety & Environment (HSE)

MANAGEMENT & FINANCE DIVISION

13 Support Domains — Executive & Strategic Leadership

- Logistics, Supply Chain & Industrial Procurement
- Corporate Taxation & Fiscal Law Compliance
- Financial Accounting & Managerial Reporting
- Management Control, Budgets & KPI Dashboards
- Human Resources, Talent Acquisition & Training Engineering
- Team Management, Governance & Organizational Leadership
- Public Procurement, Internal Audit & Records Management

GENERAL TABLE OF CONTENTS — CATALOGUE 2026

TECHNICAL & ENGINEERING DIVISION

22 Specialized Technical Domains • +300 Certified Courses • NF, API, ISO, ASME Standards

01 **Electrical Safety Authorization (NF C 18-510)**
According to NF C 18-510 Standard

02 **Electrical Installations and Power Networks**
High Voltage and Low Voltage Networks (HV / LV)

03 **Solar Photovoltaic Installations**
Solar PV Systems and Renewable Energy

04 **Electronics and Industrial Instrumentation**
P&ID Diagrams, Process Control and Instrumentation

05 **Industrial Mechanics and Machinery**
Power Transmission and General Mechanics

06 **Welding and Fabrication**
MIG-MAG, TIG, Arc Processes and Weld Inspection

07 **Industrial Hydraulics and Pneumatics**
Hydraulic Circuits, Pneumatics and Regulation

08 **Thermal Systems, Energy and HVAC**
Energy Efficiency, Air Conditioning and Refrigeration

09 **Civil Engineering and Infrastructure**
Structural Design, Construction and Site Supervision

10 **Fire Safety and Prevention**
Loss Prevention and Firefighting Equipment

11 **Industrial Maintenance and Reliability**
Preventive, Corrective Maintenance and CMMS

12 **Lifting, Rigging and Material Handling**
Safe Lifting Operations, Overhead Cranes and Forklifts

13 **AutoCAD 2D / 3D Design**
Computer-Aided Design and Drafting (CAD / DAO)

14 **CATIA — Mechanical Design**
3D Solid Modeling and Industrial Design

15 **SolidWorks CAD Modeling**
Parametric Modeling and Mechanical Assemblies

16 **Aspen HYSYS — Process Simulation**
Process Simulation and Optimization for Oil and Gas

17 **Power Cable Sizing Software (CANECO)**
LV and MV Electrical Network Sizing and Calculation

18 **IT Systems and GIS Solutions**
Geographic Information Systems and Enterprise Software

19 **Health, Safety and Environment (HSE)**
QHSE Management, Risk Assessment and Industrial Standards

20 **Industrial Quality and Compliance**
Quality Management Systems (QMS) and Auditing

21 **Production and Plant Operations**
Production Management and Continuous Improvement

22 **Safety Leadership and Culture**
Workplace Safety Practices and Operational Prevention
